

To whom it may concern,

I had the opportunity to work closely with Austin Foster while she was serving as a Marketing Coordinator at Craft Brew Alliance, and I would highly recommend her in a role related to marketing and communications. She has incredibly strong communication skills and brings her positive energy and attitude to every project.

Austin supported me in developing content for a variety of internal and external communications, including our company newsletters, press releases, and brand promotions. She is highly organized, detail-oriented, and a creative problem solver. In a fast-paced environment, Austin was able to get up to speed quickly and take on a broad range of tasks without a lot of direction.

Great teammates are those who demonstrate more than just skills and talent for their role; great teammates make the work fun and exciting. That's what Austin did for the team.

I'm confident that Austin would be a great asset to you and your team, and would be happy to answer any questions you have about her contributions here.

All the best,
Jenny McLean
